

REMARKS/ARGUMENTS

Applicants wish to thank the Examiner for allowing claims 3-5, 7 and 8 allowed. Claim 6 has been amended to incorporate the period at the end of the claim. This amendment should place claim 6 in condition for allowance since it is dependent on allowed claim 4. Claim 5 has been amended to more clearly define the invention. No new matter has been introduced.

Claims 1, 2, 9-11 have been canceled thus obviating any outstanding rejections concerning these claims.

In view of the remarks and amendments, further and favorable consideration of the present application and the allowance of all pending claims are respectfully requested. The Examiner is also invited to contact the undersigned should the Examiner believe that such contact would expedite prosecution of the present invention.

Respectfully submitted,
